A. Authorized Waste Types:

CONNECTICUT REGULATED WASTE:
Waste PCB's
HAZARDOUS WASTE (EPA WASTE NO. AS PER 40 CFR 261):
All Types of Hazardous Waste as per 40 CFR 261

B. Vehicles Permitted to Transport Waste:

The Permittee is authorized to use only those vehicles registered, as indicated on "Attachment B: Vehicle List," of The Connecticut Permit Application For Waste Transportation (Application No. 201400637). Please refer to Section E.1. for the procedures for registering additional vehicles with the DEEP.

C. Conditions of this Permit:

This Permit incorporates by reference The Connecticut Permit Application For Waste Transportation (Application No. 201400637) completed by the Permittee and received by the Bureau of Materials Management and Compliance Assurance on January 27, 2014.

This permit does not authorize the transfer of hazardous waste from one vehicle to another or from one mode of transportation to another.

1. The Permittee shall ensure that each driver employed is completely familiar with the terms and conditions of this permit prior to transporting waste in or through Connecticut. A copy of this permit shall accompany each vehicle identified in this permit whenever it is being used to transport waste authorized by this permit.
2. The transporter permit number shall be displayed on the sides and rear of each vehicle identified in this permit in letters and numbers of contrasting color and at least four inches (4") high.
3. All wastes authorized to be transported by this permit shall be transported in compliance with all applicable provisions of Title 49 of the Code of Federal Regulations.
4. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of hazardous waste shall ensure that all information pre-printed is correct and clearly legible on all copies. This includes, but is not limited to: US EPA Generator ID Number, Generator Name and Mailing Address, Generator's Site Address; Emergency Response Phone; Transporter(s) US EPA ID Number and Company Name; Designated Facility US EPA ID Number, Name and Site Address; all waste information (Items 9 - 13 and item 19); Alternate facility US EPA ID Number, Name and Site Address if applicable.

Manifest forms (EPA forms 8700-22 and 8700-22a) are designed for use with a 12 pitch font. Pre-printed manifests using smaller font may be rejected by the Permittee as not fulfilling the legal notification requirement. Pre-printed manifests should be inspected (especially the last copy - page 6) before the driver goes out to pick up the waste shipment to ensure legibility and correctness. Equipment used to print manifests should be maintained regularly and adjusted/serviced as needed.

5. The Permittee shall not store, transfer, treat, discharge, dispose or otherwise manage waste at any site in Connecticut unless such site has written approval from the Commissioner for such activity.
6. The Permittee shall maintain a record of all waste shipments rejected at the designated treatment, storage, or disposal facility for a minimum of three years from the date of such rejection. Such records shall include the date of rejection, the name and address of the generator(s) making up the shipment, a description of the waste rejected, the reason for the rejection and a description of the subsequent disposition of the rejected waste.
7. The Permittee shall retain documents ensuring that all drivers transporting hazardous waste are properly trained for the emergency response actions they have been delegated to engage in. Such training shall include, but is not limited to the training elements required pursuant to RCSA Section 22a-449(c)-103(d). Copies of the driver training documents shall be submitted to the DEEP upon request.
8. The Permittee shall ensure that all drivers engaged in the transportation of wastes which are hazardous materials as defined in Title 49 of the Code of Federal Regulations ("CFR") 171.8 are provided with, at a minimum, the training required pursuant to 49 CFR 172.704 and 177.816. Each vehicle identified in this permit shall be equipped, at a minimum, with the emergency equipment required pursuant to 49 CFR Part 393, Subpart H.

9. The Permittee shall ensure that employees engaged in emergency response as defined by 29 CFR subparagraph 1910.12(a)(3) are in compliance with all applicable requirements of the regulations developed by the Occupational Safety and Health Administration cited in 29 CFR.
10. The Permittee shall provide and maintain the required emergency information prescribed in 49 CFR 172, Subpart G - Emergency Response Information. When a package or container leaks in the course of transportation the Permittee shall ensure that, at a minimum, the actions required pursuant to 49 CFR 177.843 and 177.854 are complied with as applicable.

D. Reporting and Inspection Requirements:

1. Monthly Report Forms for each calendar month of the permit period shall be filed with the Director of the Bureau of Materials Management and Compliance Assurance/Waste Engineering and Enforcement Division of the Connecticut Department of Energy and Environmental Protection (DEEP) on or before the 10th day of the following month. Monthly Reports shall specify:
 - a. all Connecticut Regulated Waste and/or unmanifested Hazardous Waste transported; or
 - b. all Hazardous Waste transported was manifested; or
 - c. that no waste was transported.
2. By March 1 of each year an original certificate of insurance showing policy renewal shall be submitted to the DEEP.
3. The Permittee shall ensure that periodic inspections are conducted on each vehicle identified in this permit in accordance with 49 CFR 396.17. Copies of the inspection reports shall be submitted to the DEEP upon request. For Permittees with cargo tank vehicles registered in Connecticut, the Permittee shall have each cargo tank identified in this permit inspected

annually in accordance with the requirements of the Connecticut General Statutes Sections 29-322, 29-332, and 29-339, as applicable, and shall keep the issued inspection certificates with the certificate of registration for such vehicles at all times. Copies of the inspection certificates shall be submitted to the DEEP upon request.

4. The Permittee shall allow the DEEP to conduct periodic inspections to ensure permit compliance. These may include but not be limited to investigation of records, inspection and sampling of facilities and vehicles, photographs (including aerial), or other means deemed necessary for documentation of the inspection.
5. In the event of spillage or uncontrolled discharge while collecting, transferring and/or transporting any waste in or through the State of Connecticut, the DEEP Emergency Response and Spill Prevention Division shall be notified immediately by telephoning (860) 424-3338 or (860) 424-3333. In addition, the Permittee shall report Hazardous Materials incidents in accordance with 49 CFR 171.15 and/or 171.16 as applicable.
6. Permittees transporting hazardous material as defined in 49 CFR 171.8 shall develop and adhere to a security plan for hazardous materials in conformance with the requirements of 49 CFR Part 172, Subpart I (Safety and Security Plans) as applicable.

E. Vehicle Registration and Waste Modifications:

1. The Permittee shall only transport authorized waste types using vehicles registered with the DEEP. Vehicles that need to be added to the permit shall be identified on a Transporter Permit Vehicle Registration Form(s) and submitted to the DEEP before using such vehicle(s). The effective date of the registration will be noted by DEEP on the registration form.

2. This permit may be modified to include additional waste types. The Permittee must submit a properly completed Application for a Waste Type Modification and the required fee to the address listed on the application.

F. Special Requirements for Permittees who act as Brokers:

1. Permittees who act as brokers and include independent owner/operators on their permit shall be responsible for ensuring:
 - a. that these owner/operators are in compliance with permit conditions;
 - b. that all vehicles are in compliance with all state and federal regulations;
 - c. that all drivers have the proper emergency response training;
 - d. that all drivers engaged in the transportation of wastes which are hazardous materials are in compliance with and familiar with all applicable requirements of Title 49 of the Code of Federal Regulations; and
 - e. that these owner/operators have the required minimum levels of liability insurance.

G. General Requirements:

1. The Commissioner may for any reason provided by law revoke or suspend this permit.
2. Violation of any provisions of this permit may subject the Permittee to civil and/or criminal penalties as provided by Section 22a-6(b), 22a-131, 22a-131a and 22a-438 of the Connecticut General Statutes.

CT-HW-752

In compliance with all applicable provisions of the Connecticut Hazardous Waste Management Regulations and Section 22a-454 of the Connecticut General Statutes, you are hereby authorized to transport the waste types specified in this permit, only on the vehicles listed (see page 1).
